

PROVIDER NOTICE

Health Plus Members Can Obtain Mammography Services Without a Referral

Dear Participating Mammography Provider:

We have received numerous calls from members indicating that they have been refused mammography services due to a lack of physician referral. In September of 2005, Health Plus instituted a new policy eliminating the referral requirement for mammograms and sent a written notice of this change at that time.

Therefore, please be reminded that Health Plus members can obtain a mammogram at your facility **without a physician referral or prior authorization from Health Plus. Members need only present their Health Plus ID or Medicaid card at the time of their appointment.**

Should you have any further questions about self-referrals for mammography, please call your Provider Relations Associate or the Health Plus Provider Care Center at 1-800-450-8753 anytime between 9 am and 6 pm, Monday through Friday.

Thank you very much for your attention to this matter.
